Script for Female 21 - 29 Lasik Surgery

The other night my girlfriends and I went out to our favorite restaurant for dinner. As we were finishing, I noticed a rather handsome man staring at me from across the room. When he smiled at me, he looked just like George Clooney. On our way out, he nodded for me to come over. So I did! And oh my gosh... it was at that very moment that I knew it was time for Lasik eye surgery. Thank you Dr. Rosenberg for saving me from any more embarrassing moments like that again.

Script for Male 21 – 29 Nikon Cool Pix

I don't know why, but I love taking pictures. Pictures of my family, my friends, outdoors and especially animals. So my friend got me the best camera out there-the Nikon Cool Pix. With this camera, I can be as simple or artistic as I want. I can shoot in color, black and white and even edit my photos before uploading them to my computer. My Nikon Cool Pix makes me look like a professional.

Script for Male 30 - 39 Advil

With me it's always an adventure. That's why I got a pain reliever for my joint pain. Then I got another pain reliever for my aching shoulder. You know for different pains, I actually had different pain relievers. But not anymore! Now I'm all Advil. It's my EVERY pain reliever. Advil works wherever I hurt and nothing is proven stronger on tough pain. So whatever hurts, I can swing it, because I'm all Advil.
